The volume contains the works presented at the 4th International Symposium of Economic Informatics of Romania, which was held from May 6-9, 1999, in Bucharest.

The Symposium was set up by the Department of Economic Informatics and has been honoured by the presence of several specialists from the Argentina, Austria, Canada, France, Germany, Greece, Ireland, Italy, the Republic of Moldavia, Russia, Slovakia, Slovenia, Spain, Sweden, United Kingdom, United States of America, Yugoslavia, Japan and Romania.

We give our thanks to the participants, sponsors, to the press, students, to the colleagues of the Academy of Economic Studies Bucharest, who, by their efforts, skills and understanding, contributed to the good of the Symposium.

SECTION 1 – Advanced Methods, Techniques and Instruments for Software and Informatics Systems Building

- **Freeware Products From Education To Economy**
Tiberiu APA, Ministry of National Education, Bucharest, Romania 3
- **A License Manager in a UNIX Network**
Claudiu CHIRU, Naval Academy, Constanta, Romania 7
- **A Distributed Multimedia System of Presentations**
Georgeta DRULĂ, University of Bucharest, Bucharest, Romania..... 11
- **Parallel Genetic Algorithms for Shared Memory Architectures**
Horia GEORGESCU, Cristina VERTAN, University of Bucharest, Romania.. 16
- **An Applet Server for Developing Java Multi-tier Applications**
Augustin MAN, Centrul de Informatică Aplicată, Cluj, Romania 26
- **Practical Support for the Heuristic Evaluation of
Human-Computer Interfaces**
Costin PRIBEANU, National Institute for Research and Developing in
Informatics, Romania 30
- **A Fast Solver For Linear Systems**
Constantin POPA, Adrian RABAEA, Monica RABAEA,
"OVIDIUS" University, Constanța, Romania..... 36
- **An Evaluation of Three Methods for Arbitrarily
Located Data Modeling**
Marius Dorian ZAHARIA, University POLITEHNICA, Bucharest, Romania.. 41
- **Solving Multi - Index Transportation Problem by Computer**
Eliodor CONSTANTINESCU, Institutul de Marina Civila, Romania 47
- **Object Oriented Model for Video Processing and Video Indexing**
Ion SMEUREANU, Marian DÂRDALĂ, Gabriel ȘUTAC,
Academy of Economic Studies, Bucharest, Romania 50
- **New Approach of Image Restoration**
Luminita STATE, Pitesti University, Romania
Catalina COCIANU, Academy of Economic Studies. Bucharest, Romania 56
- **Collaborative Distributed System, Support For Virtual
Trading Ring Implementation**
Cristina MANDRUTA, University "Ovidius", Constanta, Romania 63
- **Vers un analyseur syntaxique parallèle**
Isabelle DEBOURGES, Gaetan HAINS, Sylvie GUILLORE, LIFO, Orleans,
France, Eric de la CLERGERIE, INRIA Rocquencourt, Le Chesnay, France .. 71

- **Evolving Equivalent Parallel Programs**
Conor RYAN, Laur IVAN, University of Limerick, Limerick, Ireland..... 80
- **An Analogical Approach of Resolution**
Cristian KEVORCHIAN, University of Craiova, Craiova, Romania 88

SECTION 2 – Standards, Protection and Software Quality

- **The Balanced Scorecard – A Method For Developing And Implementing Performance Measures For Information Technology**
Gabriela AVRAM, AISTEDA, Alba-Iulia, Romania 95
- **Increasing Competitive Capability Of Software Products Through Global Quality And Marketing**
Tudor BARON, Academy of Economic Studies, Bucharest, Romania
Michael TATOMIR, Siemens, Germany 102
- **Performability Estimation of Degradable Virtual Assembly Cells**
Alexandru CICORTAS, West University “Vasile Goldis” Arad, Romania 107
- **Adopting GQM-Based Measurement to Improve Software Processes Development at Information Department, Automobile Dacia S.A.**
Daniel DINU, Automobile Dacia S.A., Colibași, Romania 113
- **Design for Testability of Software Products**
Viorel IONESCU, Military Technical Academy, Bucharest, Romania 118
- **Embedded Systems Issues on the Turn of the Century**
Dorin IRIMESCU, University “Politehnica” Bucharest, Romania 122
- **Audit Techniques For Accounting Computer Systems**
Ion Daniel MICUDA, PricewaterhouseCoopers, Bucharest, Romania 129
- **Smart-Cards and E-commerce**
Victor PATRICIU, Ion BÎÇA, Military Technical Academy, Romania 134
- **Principles and Techniques of Distribution of the Cryptographic Keys in Computer Network**
Eugen PETAC, “Ovidius” University of Constanta, Romania 143
- **Considerations About Application Of Basic And Logarithmic Poisson Execution Time Models In Software Reliability Estimation**
Mihai POPESCU, Military Technical Academy, Bucharest, Romania..... 148
- **Development for and with Reuse**
Emilia STANCIU, Banc Post, Bucharest, Romania..... 153
- **ISO9000 Series of Standards-Quality Frame in Software Development**
Laurentiu TEODORESCU, D.G.F.P.C.F.S. Constanta, Romania..... 158
